Model	Chlorine Production 15g/hr		
PRI-15			
PRI-20	20g/hr		
PRI-25	25g/hr		
PRI-30	30g/hr		
PRI-35	35g/hr		
PRI-50	50g/hr		
PRI-100	100g/hr		

DISTINC A pool chlorinator that just works!

Going against the grain of today's 'throwaway' world, we set out to design a chlorinator with a focus on quality above all else.

We've gone to great lengths in both the design and sourcing of the finest materials and components to bring a commercial quality chlorinator to the home. When you choose Pristine, you're choosing long-lasting reliability, backed by outstanding after sales service and support.

As of the beginning of 2012, we're proud to announce that it has now been seven years since the first Pristine chlorinator units went into service. These units are still going strong to this day, and stand as testament to our design philosophy from the very beginning.

We didn't settle for less, so why should you?

Pristine Chlorinator Features

- Smart micro-computer controlled system
- · Simple to operate and program
- · Easy to read backlit display and buttons
- · Self-cleaning cell standard
- Pump Protection standard
- · Super-Chlorinate Mode
- Spa Mode
- · Precise control of chlorine generation to 1%
- High and Low Salt indication
- · Automatic power reduction upon high salt condition
- · Audible Alert when remedial action is required
- Internal clock maintains correct time without external power
- · Large cell surface area prolongs cell life
- Exceptionally high quality cell anode material assures high efficiency and long life

Australian Pool Equipment Warranty Terms

Backed by a 3 year warranty on both the powerpack and cell. Warranties are effective from date of purchase.
